Subject: Coactive Patent Application #1905P/Dynamic Update Proxy

Dear Nia. I hope things are going well for you. I'm writing to follow up on the Federal Express package we sent to you on December 27, 2000. Federal Express tracking indicated that the package was left for you at 1543 Milvia Street, Berkeley, CA 94709-2009. The package contained the formal papers for the above identified patent application which we are required to sign. Please sign the papers ASAP and return them to us. If there is a problem, please contact me to discuss them.

Thanks in advance for your cooperation.

Michele
